We are portraying a student's entry to the world of higher education. The President of the college is depicted as the Captain, the Deans, first and second mates, the Business Manager, chief engineer, and the staff, the administrative crew. The faculty is considered as stewards and stewardesses, serving the passengers, the students, the maintenance crew, dining hall, power plant, farm, barber shop, etc., the general maintenance crew.

The student's existence in college is in stages. In the first stage, known as the Freshman year, the student, tourist, undergoes an orientation type of process, adjusting himself to the conditions and the environment, the turbulent waters of the sea, the initial seasickness and a recovery in order to determine whether it is possible to proceed or falter.

The second stage, the Sophomore year, is almost as difficult as the first; the roads are dark at times, perilous at others and yet pleasant. Very often, at this stage, there is a slight state of confusion, because this is usually the period of decision.

In the third stage, the Junior year, it is assumed that a decision is made, but the journey is still unknown. There are still barriers to cross, gulfs to span, and even rivers to wade. Yet, at this time, the traveler is aware that there is a destination and begins to look seriously towards "the star."

The final stage, the Senior year, ushers in a great deal of pleasure and happiness; although there are miles ahead to cover, land and his star are in sight. The journey continues, land becomes closer and closer, until the hour of decision arrives, and the ship reaches port. The star is at hand, and the journey completed.

The organizational affiliations, the activities, and the basic human understanding illustrated in this book are some of the benefits that the traveler experiences.

IN MEMORY OF
MACK PERCIVAL CARMICHAEL

DEDICATION

This book, the 1956 Thorobred, is dedicated in memory of Mack Percival Carmichael,
Teacher, Educator, Religious Leader and Lover of all things lofty and beautiful.

Those of us who knew him were greatly influenced by his life, which seemingly he
encouched in the words of Howard Thurman:

"I make an act of faith towards all mankind,
Where doubts would linger and suspicious brood.
I make an act of joy towards all sad hearts,
Where laughter pales and tears abound.
I make an act of strength towards feeble things,
Where life grows dim and death draws near.
I make an act of trust towards all of life,
Where fears preside and distrusts keep watch.
I make an act of love towards friend and foe
Where trust is weak and hate burns bright.
I make a deed to God of all my days--
And look out on life with quiet eyes. "

USS KENTUCKY STATE COLLEGE

Memorandum

Captain's Cabin

The USS Kentucky State College is liken unto life. The sea, with its mysterious waves, cyclonic typhoons, storms and other marine disturbances, is a course that must be taken to achieve the ideals of living. This voyage is the source of acquiring knowledge, experience, and better human understanding that will enable the traveler to withstand the difficulties and hardships that can be encountered. You, students, as passengers on this cruise, should digest all things afforded and presented to you and develop and channel your aims and philosophies to overcome these tumults so that you can enjoy the pleasures of life's cruise; in the end, your goal will be achieved.

Delta founders envisioned an organization which would lift the race through combating ignorance, prejudice, discrimination, and injustice, and bring together college women of like ideals, scholarship, and potentialities. On such principles was Delta Sigma Theta founded. Delta Sigma Theta Sorority is recorded in Washington, D. C., as the first incorporated Sorority.

Grand Chapter Scholarship awards amount to \$5,000 annually and are not limited to Delta women. The major activities are Founders Day, The Jabberwock, National May Week and Job Opportunities.

HISTORY OF OMEGA PSI PHI FRATERNITY

Omega Psi Phi Fraternity was founded on November 17, 1911, by Brothers Edgar A. Love, Oscar J. Cooper, Frank Coleman, and Ernest E. Just, now deceased. These four men, in the early part of the twentieth century, seized upon the cultural heritage of the human race and especially upon the heritage of their forefathers, and at their Alma Mater, Howard University, Washington, D. C., established the national Greek-letter fraternity, the Omega Psi Phi. In their founding the first national Greek-letter fraternity to be organized at a Negro institution of higher learning, the Omega Psi Phi Fraternity pioneered and blazed the way for other fraternities that have followed.

The four cardinal principles upon which Omega Psi Phi is founded are Manhood, Scholarship, Perseverance, and Uplift. The purpose is Racial Uplift Through Cultural Achievement and Inspiration.
